FAFSA AND NJ ALTERNATIVE APPLICATION

CONT. STUDENTS PRIORITY FILING DATE IS **JANUARY 15, 2025**
WHO SHOULD COMPLETE THE FAFSA?

**GENERAL** eligibility **REQUIREMENTS** include:

- U.S. citizen or eligible non-citizen
- Enrolled in an eligible degree or certificate program at an eligible college or career/trade school
- Have a valid Social Security Number (student)
- Show you qualified to obtain a college education (HS Diploma, GED, completing a high school education in a homeschool setting approved under state law)
WHOSE INFORMATION is REQUIRED on the FAFSA

The FAFSA is a role-based form. Everyone completing the FAFSA has a role and specific section that requires their information, consent, and approval to complete the FAFSA.

ROLES and CONTRIBUTORS
There are five roles associated with the FAFSA. Each role is considered a contributor to information in the FAFSA form. Each role will contribute data and consent to their identity validation, consent, and approval of their Federal Tax Information (FTI) disclosure.

The Contributors must provide the required information and sign their respective section for a FAFSA form to be considered complete.

1. **Student**: Their role is to be an applicant unless they are invited to the form by a parent or preparer. If they are invited to the form, their role changes to that of the contributor.

2. **Student Spouse**: If the student’s current marital status is married or remarried, the student’s spouse information is required. If the couple filed joint returns, the student may complete the FAFSA independently, providing the spouse’s information. If they filed separate returns, the spouse must be invited to contribute their data on the FAFSA.

3. **Parent**: Dependent status is determined based on personal circumstance questions answered on the FAFSA by the person who started the FAFSA – it can be the student or a dependent student’s parent.

4. **Parent Spouse or Partner**: Remarried, married filing separately, unmarried/married and both legal parents are living together.

5. **Preparer**: Someone other than the student, student spouse, parent, or parent’s spouse/partner completing the form on the student’s behalf.

**Once all required data has been provided and all sections have been signed, any role can submit the FAFSA form.**
Dependency is based on the answers provided by the student on the FAFSA form.

**DEPENDENT STUDENTS** must provide parental information on the FAFSA unless the student has an unusual circumstance that would prevent them from providing this information.

If a student answered NO to all the personal and unusual circumstance questions, they are considered a dependent student.

**INDEPENDENT STUDENTS** are not required to provide parental information on the FAFSA. The student must answer YES to at least one of the personal and unusual circumstance questions to be considered an independent student.
The student is asked if unusual circumstances prevent them from contacting their parent(s).

What happens when the student selects “YES?”

In unusual circumstances, an aid administrator can determine that a student who doesn’t meet the criteria should still be considered independent.

The student may then skip the parent sections on the form.

Students who select “Yes” to this question will be given a provisional independent student status and directed to provide documentation to their financial aid office for determination.
Once all the personal and unusual circumstances are answered. You will be notified of your dependency status and whose information is required on the FAFSA.

**DEPENDENCY STATUSES**

- “No” to all questions = dependent
- “Yes” to at least one question = Independent
- Provisional Independent: A student with an unusual circumstance may be granted a provisional independence status and must work with their school’s Financial Aid Office to finalize their dependency status.

**A FEDERAL DIRECT UNSUBSIDIZED LOAN ONLY**

The student is asked if they want a financial aid administrator to determine their eligibility for a Direct Unsubsidized Loan only. This is an option if the student’s parents are unwilling to provide information.

**THIS QUESTION IS NOT DISPLAYED TO AN INDEPENDENT STUDENT.**
Determination of Independence Because of Unusual Circumstances
The FAFSA calls for a series of dependency questions (circumstance questions), and the student's response to these questions will determine dependency and if parental information is required on the FAFSA. An aid administrator may use PJ on a case-by-case basis to adjust the student’s dependency status on the FAFSA by completing an override, thus making the student independent and removing parental required information on the FAFSA.

Unusual circumstances DO include:
• Human trafficking, as described in the Trafficking Victims Protection Act of 2000 (22 U.S.C. 7101 et seq.).
• Parental abandonment or estrangement; or
• Student or parental incarceration.

Unusual circumstances DO NOT include:
• Parents refuse to contribute to the student’s education.
• Parents will not provide information for the FAFSA or verification.
• Parents do not claim the student as a dependent for income tax purposes.
• The student demonstrates total self-sufficiency.
SUBMITTING A REQUEST – UNUSUAL CIRCUMSTANCE

Complete the form online: https://scarlethub.rutgers.edu/financial-services/professional-judgement/

1. 48-72 hours, the student will be tracked for documentation. The documents are viewable via the MyRutgers Portal/Financial Aid Widget under Docs.

2. Required documents must include the following:
   1. Statement from the student outlining their circumstance
   2. Third-party letter - this letter should be from a professional removed from the circumstance who can reaffirm the student's circumstance
   3. EXAMPLE DOCUMENTATION: Court documents, state /federal documents, Official HS documents, utility bills, health insurance, or other documents that demonstrate a separation from parents or legal guardians.
DEFINING SPECIAL CIRCUMSTANCES
An aid administrator may use Professional judgment on a case-by-case basis to adjust the student’s cost of attendance or the data used to calculate their Federal Student Aid eligibility. This adjustment is valid only at the school making the change.

The law (HEA Sec. 479A) gives some examples that MAY be considered:
- Change in employment status, income, or assets.
- Tuition expenses at an elementary or secondary school.
- Medical, dental, or nursing home expenses not covered by insurance.
- Child or dependent care expenses.
A student may have both a Special and an Unusual Circumstance. Financial Aid Administrators (FAAs) may appropriately adjust each student’s situation with appropriate documentation.
This is the main FAFSA form landing page. On this page, students or contributors are directed to "Start a New Form" or "Edit Existing Form."

A FRIENDLY REMINDER:
NJ Dreamers are students living in NJ who are not eligible for federal aid. They must meet all the following criteria:

✓ Attended a New Jersey high school for at least three (3) years; and
✓ Graduated from a New Jersey high school or received the equivalent of a high school diploma in New Jersey; and
✓ Can file an affidavit stating that you have filed an application to legalize your immigration status or will file an application as soon as you are eligible.
What if the student’s parents are undocumented and do not pay taxes?

- According to the National Immigration Law Center (NILC): “All wage earners—regardless of their immigration status—are required to pay federal taxes. The IRS provides ITINs to people who are ineligible for an SSN so that they can comply with tax laws.”

- Regarding the FAFSA, the student won’t qualify for any aid from the FAFSA until their parents file their taxes, regardless of their immigration status (for those parents who have an income higher than the IRS threshold). Those without an SSN will be given an Individual Taxpayer Identification Number (ITIN).

What if the student’s parents live in a foreign country?

- They will need to convert their currency to the U.S. Dollar and manually answer the foreign income questions.

*Foreign taxes will disqualify a student from receiving state aid*
New Jersey Residency is determined by the following:

➢ Individuals must reside within New Jersey for at least one year immediately before enrollment. New Jersey Administrative Code 9A:5-1.1 and 9A5:-1.2

➢ Dependent students are presumed to reside in the state where their parent(s) or legal guardian(s) reside. The New Jersey Administrative Code 9A:9-2.6 provides additional clarification on dependency status.

➢ Residency Analysis Form Instructions - The form must be filled out, signed, notarized, and submitted to the appropriate registrar’s office with supporting documentation.

➢ New Jersey Dream Act/Tuition Equality Act (TEA) - Special categories of students under the Dream Act may be eligible for in-state tuition if they meet specific criteria. (H-1B Visa Dependents may be eligible for in-state tuition under this category)

➢ New Jersey Tuition Equality for America’s Military (NJTEAM) Act - Students eligible for Chapter 30 – Montgomery GI Bill Active Duty (MGIB-AD) or Chapter 33 – Post 9/11 GI Bill.
